

# JSL JET PACK 80

The JSL 80 single axle trailer is a highly popular, versatile product that has been designed for professional use by municipal authorities and private contractors. It is robust and reliable and ideal to tackle even the most demanding surface and drain cleaning tasks, in pipes up to 10" diameter.

The powerful 40hp diesel engine powers an equally robust high pressure pump that offers standard performance options of 275 bar (4000 psi) at 55 l/min (12 IGPM) or 240 bar (3500 psi) at 74 l/min (16 IGPM). A comprehensive range of drain and general cleaning accessories is available to complement this competitively priced product.

The twin saddle tanks provide a well balanced 80 gallon water carrying capacity.

#### STANDARD ACCESSORIES INCLUDE:

- 100 metres hose
- Drain Jets
- Inlet Hose reel
- Hydraulic Hose Reel
